Your modesty is very important to us. You will be fully draped for all of our spa services, however, you may bring a swimsuit if it would make you feel more comfortable.

Herbology Body Wrap

The ancient science of healing with herbs. First your body is lightly massaged with warm oil, followed by an exfoliating body polish with granulated Asian herbs. Then you are cocooned in warm thermal blankets to enhance the herbal benefits. To complete your treatment, an application of emollient body cream will be applied. This is a perfect prelude to a body massage. Treatment time: 60 minutes. Starting at \$75.00.

Aromatherapy Body Wrap

Experience an aromatic warm oil treatment for your body. It begins with an invigorating neck to toes dry brushing to gently loosen and exfoliate rough surface skin. Next, customized blends of therapeutic aromatherapy oils are luxuriously massaged into your entire body. Then you are cocooned inside a solar blanket and bathed in soothing infrared light to help the oil penetrate your skin. You'll drift into a state of deep relaxation as the curative effects of the essential oils begin to soothe away your tensions. Emerge totally relaxed, de-stressed and smoother than ever. Treatment time: 45 minutes. Starting at \$65.00.

Salt Glow Body Treatment

Body Therapies, cont.

Algae Body Wrap

This re-mineralizing treatment begins with a gentle body brushing to rid your skin of dead surface cells. Then a nutrient rich layer of Norwegian Algae is slathered over your body and you are enveloped in a protective thermal blanket neck to toes. Next, a customized mask is applied to your face. As you enter a state of deep relaxation, the micronutrients present in the algae penetrate your skin, increasing circulation, replacing lost minerals and detoxifying the body. To finish, the algae is gently rinsed off under a Vichy rain shower. A light application of emollient body creme is applied to your body and a customized moisturizer is massaged onto your face. Treatment time: 60 minutes. Starting at \$85.00. (shellfish allergy)

Mud Therapy Body Treatment

Therapeutic mud imported from Germany is blended with energizing plant extracts and restorative clay, then applied to your body from neck to toes. Next, you are cocooned in thermal wrappings and bathed in infrared light. While you luxuriate in this detoxifying mixture, your face becomes the focus of attention with an application of purifying Mudtherapy mask. Your body will be rinsed with a Vichy rain shower and you will emerge with glowing, toned and unbelievably soft skin, followed by an application of emollient body creme and a customized facial moisturizer. Treatment time: 60 minutes. Starting at \$90.00.
